

*Safety fuel transfer
and management solutions
for professional users*

FMT Swiss AG

FMT Swiss AG is an european manufacturer for fuel and diesel transfer and professional pumping solutions.

FMT Swiss AG sells in over 30 countries : Europe, Asia, South America, Africa, Eastern countries.

Factory located in Falkenstein - Germany :

- 50 employees
- 4 CNC lathes
- Manufacturing capacity : 50 000 pumps/year
- A Swiss technical design and a german manufacturing
- A new logistic area created in 2010
- A large stock of pumps and equipments
- A efficient after sales service
- Procedure quality and endurance tests
- An innovative and famous brand
- EUN norm agreements : GNR EN590, EUN ADR....

Product line in our catalogs

More than 200 products : Pumps and accessories to transfer Fuel, Diesel, Oil, Grease, ad Blue.

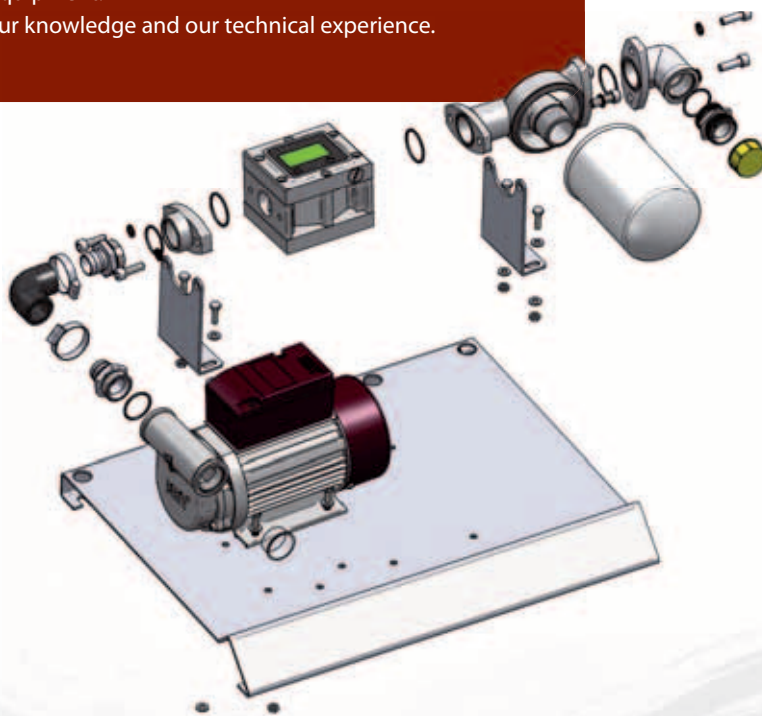

Our pumps can be fitted with steel or PE tank installations.

Customized solutions

We can consider any specific request for customized pumping equipment.

We bring our knowledge and our technical experience.

Technical advantages Fuel/Diesel pumps

- Duty cycle : continuous operation
- Industrial rotary self priming vane pump with internal by pass
- Small tolerances provide a high suction and pressure performance
- Materials guarantee an exceptional lifetime with optimized efficiency
- AISI and O'rings fittings

AISI312 body pump

PEI vanes form stability
up to 200°C
Siphon protection

Rigid mounting

O'ring fittings
No sticking
Perfect sealing

Industrial pump

Continuous operation

3 digit mechanical in line meter

Diesel filter-water

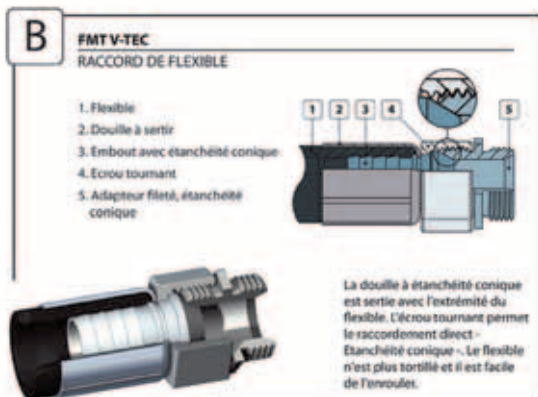

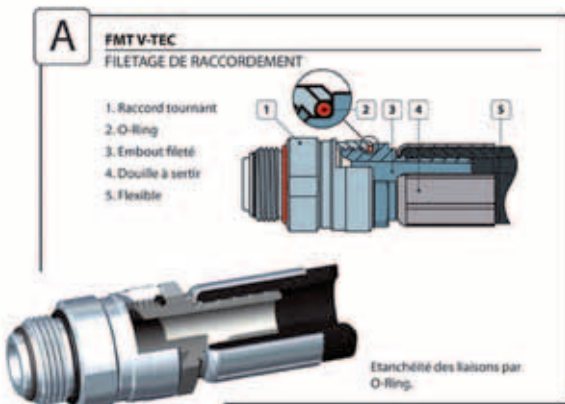

absorbing 30 microns – 100 L/min

Plate for wall or tank mounting

FMT SWISS AG O ring fitting systems

- ✓ Our pumps are tested electrically, pressure
- ✓ Recurrent testing for temperature and noise
- ✓ EU Norm warranty
- ✓ Operating instructions in English
- ✓ Qualitative packaging

An exceptionnaly long life for most of 230V pumps:

- 3** Warranty body pump 3 years :
Outside of worn parts
- 5** Warranty electric motor 5 years :
Except break out of warranty

26 440	0,22	12V-IP54	35 L/min	UN/ADR 125 liters HDPE mobile tank - closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	30 kg	Fuel, diesel	1002x654x369	125 liters	5 years
26 441	0,32	24V-IP54	35 L/min	UN/ADR 125 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	30 kg	Fuel, diesel	1002x654x369	125 liters	5 years
26 460	0,22	12V-IP54	35 L/min	UN/ADR 200 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	35 kg	Fuel, diesel	1010x654x534	200 liters	5 years
26 461	0,32	24V-IP54	35 L/min	UN/ADR 200 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	35 kg	Fuel, diesel	1010x654x534	200 liters	5 years
26 480	0,22	12V-IP54	35 L/min	UN/ADR 300 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	40 kg	Fuel, diesel	997x654x703	300 liters	5 years
26 481	0,32	24V-IP54	35 L/min	UN/ADR 300 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4m with MF 1 " fittings , automatic nozzle valve – dipstick, filler cap, security suction valve.	40 kg	Fuel, diesel	997x654x703	300 liters	5 years

ADR Mobimaster mobile tanks : 450 liters

26 400	0,22	12V-IP54	35 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	50 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 401	0,32	24V-IP54	35 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	50 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 402	0,38	12V-IP54	60 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	53 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 403	0,67	24V-IP54	60 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	53 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 410	0,22	12V-IP54	35 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings – NEF digital meter - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	54 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 411	0,32	24V-IP54	35 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings – NEF digital meter - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	54 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 412	0,38	12V-IP54	60 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings – NEF digital meter - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	58 kg	Fuel, diesel	1190x800x900	450 liters	5 years
26 413	0,67	24V-IP54	60 L/min	UN/ADR 450 liters HDPE mobile tank – closable cover with key – self priming vane pump with bypass – AISI G 1" F – On/Off switch, anti siphoning system – O'ring fittings – NEF digital meter - DN19 delivery hose 4M with MF 1 " fittings , automatic nozzle valve– dipstick, filler cap, security suction valve.	58 kg	Fuel, diesel	1190x800x900	450 liters	5 years

* flow rate, free discharge

** warranty beginning after the sale by FMT

Other equipments are available on our website : www.fmtag.ch
