

Dispensing System Stacker - DBC

Backed by our 3 year guarantee

Rotationally moulded from medium density polyethylene the stacker is used to hold 2 x 205ltr drums in the horizontal position and can be used on its own or as part of a four drum system with a DB4 base unit.

Please note DBC is the cradle and DB4 is the base unit.

You will require an appropriate size/capacity fork lift truck to offload this item from the delivery vehicle. Our standard delivery doesn't include any offloading.
