

SPRAYFlxx-solvent PLUS-1,5 I

for brake cleaners

Item number: 06 911 115
EAN: 4103810705380
Discount group: A

Technical data

Container volume max. (ml): 1500
 Filling volume max (ml): 1200
 Color of container: white, transparent
 Temperature range (°C): +5 / +30
 Operating pressure max. (bar): 3,5
 Nozzle: Adjusting nozzle with hollow cone brass
 Spray pattern: spray jet, full jet
 Spraying quantity with spray jet (ml/min): 192
 Spraying distance with spray jet (m): 0,8
 Spraying quantity with full jet (ml/min): 480
 Spraying distance with full jet (m): 4,6
 Colour code: black
 Materials
 Container: HDPE (high density polyethylene)
 Pump head: special plastic
 Valve rod + springs: brass / stainless steel
 Nozzle: brass
 Height (mm): 325
 Base LxB (mm): 230 x 120
 Weight SPRAYFlxx (kg): 0,45

Specification

- Container with scale in ml (92 504 002)
- Hollow cone spray nozzle SPRAYFlxx solvent PLUS (06 927)
- Stable stand (92 505)

Special notes

- Suitable for ketones, such as acetone and most of the hydrocarbons, as well as all low viscosity oils, cold cleaners, thinners, silicone removers and also alcohols such as isopropyl
- Perfectly matched plastics and special seals
- Robust design and UV-stabilised material
- Optimised precision spray pattern
- Pressure relief and vent valve for pressure equalisation and secure storage
- Optimised precision spray pattern ensures large area coverage with minimal media consumption
- Colour coding on the pump button for clear media identification
- Printed QR code links directly to the technical data sheet

Packaging

Packing unit: 1,0
